

BEST LIFE CARE CLUB

Live your best life, the clean way!

Solar Maintenance

Let us handle the details while you live your best life! Our technicians make three separate visits to your property every year and perform system checks and panel cleanings. If anything ever happens to your system, your membership includes one panel replacement every year! Not to mention a complimentary critter guard install!

BEST LIFE SOLAR

LIVE YOUR BEST LIFE, THE CLEAN WAY!

Certified Installers

Our Installers are certified to work on almost every system in CO! Using our service won't void your current warranty and if it does we don't bother! We are NABCEP certified and fully insured so your system is at no risk working with us!

CARE CLUB BENEFITS

Our Mission

The best life care club is not just about solar maintenance, its about living your best life and knowing you have someone to rely on to take care of your solar. We schedule each visit ahead of time and make sure it works with your schedule! If your original installer abandoned you, this is the service that will get you back on track! All for the low cost of 1,050\$ a year!

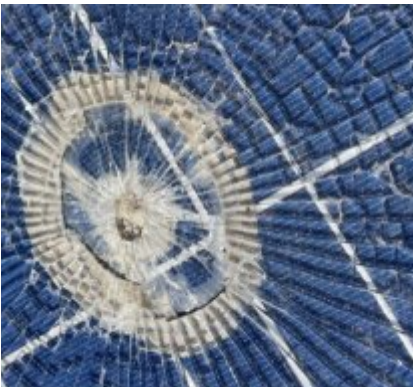

Critter Guard

The Best Life care club comes with a complementary critter guard installation up to 100ft (the national average). Installations over 100ft enjoy our discounted rate of 3\$ Per foot.

Panel Cleaning/ Voltage Checks

- Every-time we come out we clean your panels to optimize production. Dirty panels can cause 15-20% Energy loss in your system
- We make sure you panels are producing how they should be. If we ever find a problem we send you an alert and offer a solution! Member receive the best troubleshooting rates in town.

Replacement Panels

The Best Life care club membership comes with one panel replacement per year. If you have a hail damaged panel or a bad micro-inverter, give us a call! We will replace your panel just because you are a member! We also offer referral bonuses if you use us for Removal and Re-installation if you ever get a new roof.
